ATLANTA EXPOSITION

The Great Southern Show Formally Opened.

THE FIRST DAY'S EXERCISES.

President Cleveland Presses the Button That Puts the Machinery in Motion—The Great Exposition Surprisingly Far Advanced for the Opening Day—Nine-Tenths of the Exhibits Are Complete.

ATLANTA, Sept. 19.—The morning of the opening day of the south's great show, the cotton states and international exposition, dawned auspiciously bright and clear, affording to the thousands of northern visitors in the city a sample of typical southern September weather. As the day wore on the heat threatened to pass the limit of comfort, but the buoyant crowds on the streets did not seem to mind the temperature, and good humor reigned supreme.

During the night the finishing touches had been put on a number of the buildings and every effort had been made to get the grounds in good shape for the opening. From the tops of the 347 flagstaffs on the buildings around the grounds there floated the pennants and flags of the nations of the earth, and the doors of the buildings which had been closed for several days were all thrown open.

In the interior of the buildings a great deal of work has been accomplished. Over nine-tenths of the exhibits were complete and neatly appareled attendants stood at each booth.

As the day grew older the crowds that had been admitted to the grounds gathered around the gates and anxiously awaited the appearance of the military and the directors.

At high noon every steam whistle in the city broke forth into noisy chorus, the crowds in the streets cheered long and loud, and the festivities of opening day were fairly begun.

At 1 o'clock, the procession under command of Colonel W. L. Kellogg of the U. S. A. as marshal, began to move. In the line were the Fifth regiment, U. S. A.; the Washington artillery, New Orleans' crack company, commanded by Colonel John B. Richardson; the Fifth regiment of Georgia volunteers and various visiting state troops, making 25 companies in all.

Five bands, including Gilmore's famous organization, headed by Victor Herbert, furnished music for the tramping column which swept its brilliant length out toward the exposition park between continuous lines of admiring and cheering spectators.

As the head of the column reached the gates the companies were halted and the exposition directors and their guests in carriages passed into the grounds. Then the military companies marched in, stopped on the plaza, stacked arms and were taken to the barbecue stand where they were the guests of the exposition for a short while.

The guests and directors entered the auditorium, where the formal opening occurred. The speakers were seated on the small stage, which was profusely decorated.

While the crowd was still gathering Victor Herbert's band rendered his new and original "Salute to Atlanta" amid great applause. Ex-Governor R. B. Bullock, a master of ceremonies, presented Bishop Cleveland Kinlock Nelson, who offered the opening prayer.

Mr. Bullock presented Colonel Albert Howell, who read the "Exposition Ode," written by Frank L. Stanton.

Then Mr. Bullock introduced President Collier, who delivered the opening address. President Collier was followed by Mrs. Joseph Thompson, president of the board of women managers, who spoke in behalf of the woman's department.

Booker T. Washington, the principal of Tuskegee normal institute, then delivered an address in behalf of the negro department.

Mayor King spoke for the city and Hon. George R. Brown represented Governor Atkinson, who was prevented by ill-health from speaking for the state.

At the new auditorium, within the exposition grounds, was packed to its remotest corners during the delivery of the addresses, all of which were received with enthusiasm. The program presented the remarkable spectacle of ex-Governor Rufus B. Bullock, elected chief executive of the state by Republican votes during the reconstruction period, and now a leading citizen of Atlanta and director of the exposition, acting as master of ceremonies in introducing in succession to a southern audience Mrs. Joseph Thompson, president of the woman's board, and Booker T. Washington, the representative of the negro race. This incident, coupled with the appearance of negroes in carriages in the parade and in the presence of the negro building on the grounds, emphasized the recognition given to the race by this exposition for the first time in the history of such enterprises.

When Judge Speer concluded his oration the ceremony of touching the button took place. Wires had been stretched from Gray Gables to Buzzards Bay, and still another wire had been stretched from the auditorium here to the machinery building. While Judge Speer was delivering his address, the operator cleared the line to Gray Gables, and shortly after 4 o'clock everything was ready.

Herbert's band played a selection and suddenly a flash of light from an electric lamp illuminated the building. There were great cheers. The exposition was formally opened.

Down at machinery hall, Engineer

Charles F. Foster, with his assistants, stood watching the engines. They had attached two electric valves to the Frick engine and the 4,000,000 gallon pump. When the president touched the button, the electricity opened a small valve which forced a jet of steam against a larger one, and this opening, the steam was admitted to the cylinders. Mr. Foster was sitting by the big engine waiting for the signal from the president. He held his head close to the electric valve for a half hour. When the valve clicked and the hissing steam poured into the cylinder he waived his hand to the engineers around him and at once all the engines were opened. The wheels began turning and the ponderous machine announced the opening of the great show.

Standing on the banks of Lake Clara Meer, Mr. Luther Steininger directed the operations of the fountain, the greatest electrical creation in the history of the world. The single jet from the center of the machine suddenly began spouting, and as it rose above the banks of the lake, the men at Paine's fireworks building began a salute of 100 bombs. The first bomb, thrown high into the air, notified the crowds around the ground that the exposition had really started, and great cheers rent the air.

This closed the regular program and the great crowd distributed itself over the grounds and the buildings for a first peep at the big fair whose formal inauguration they had just witnessed. The opening was a complete and unequivocal success, and the exposition begins with every good omen in its favor.

AT GRAY GABLES.

How President Cleveland Started the Machinery to Moving.

BUZZARD'S BAY, Mass., Sept. 19.—The gold-rimmed button attached to a wire connecting Gray Gables, the summer residence of President Cleveland, with the motor in machinery hall at the great cotton states and international exposition at Atlanta, was pressed by the executive of the United States at 6:56 yesterday evening. This act, coming at the close of an elaborate opening program at Atlanta, was intended to furnish a fitting climax to the day's events in that city, at the moment the button was pressed at Gray Gables the wheels of the great exposition, hundreds of miles distant, had been started.

The linemen of the Western Union Telegraph company had completed connection between Gray Gables and the main line of the company, which runs parallel with the New York, New Haven and Hartford railroad. At first it was thought best to place the operating mechanism in the reception room at Gray Gables, in order that several guests who might wish to be present could be more pleasantly received, but in consideration of the possible disfigurement of the room, as well as for greater convenience, the wire, after being carried over the poles bearing the private telephone line to Gray Gables ended in what is known as the "Gem room," an apartment on the second floor where the president keeps his hunting and fishing paraphernalia. Here the button was placed, not far from the telephone cabinet, and here, in the presence of the family, Private Secretary Tharber, Western Union employees and a few representatives of the press, the president filed the part for which he was cast.

Early in the morning the line at this end was in readiness, but it was reported that there had been some delay in making necessary connections at Atlanta. Later in the day, however, the line was tested and found to be ready for use. It had been arranged that a signal should be sent from Atlanta when all was ready. Twelve o'clock passed and no word came. The president waited. At 2 o'clock a message was received from Atlanta, stating that it had been decided to defer the starting of the machinery until the last thing on the program. At that time the hour for action was set at 5:30 p. m., Boston time, which is one hour earlier than the time at Atlanta. Fifty-three came and the clock moved on, but the expected word was not received and it was nearly an hour and a half later when the expected signal came and the president pressed the button.

POISONED BY A FLY.

Death of a Member of the Morgan Family Abroad.

NEW YORK, Sept. 19.—A dispatch from Homburg announces that Mrs. H. A. Morgan, Jr., of Aurora, N. Y., died there under unusual circumstances. A week before Mrs. Morgan was bitten on the lip by a fly. Blood poison set in and death resulted. Mrs. Morgan's daughter was able to reach her mother before she died. The funeral will probably take place at Homburg.

Like the Wadsworths and the Cornells, the Morgans of Aurora belong to one of the oldest and richest families in central New York. The founders of the Morgan family were landowners in and about Cayuga county a century ago. They aided in founding the town of Aurora.

Fast Pacing.

MILWAUKEE, Sept. 19.—John R. Gentry, the fastest stallion in the world, yesterday added another to the list of victories which brightens his remarkable record, by beating Joe Patchen, his most formidable rival, in three straight heats at the fair grounds. No records were wiped out and the two pacing kings did not show the speed which they have proved themselves possessed of, but the time was such as only these, and two others, Robert J. among them, could have possibly made. The fastest mile, which was the first paced, was done in 2:05 1-4, and the fastest quarter in 29.

DEDICATIONS BEGUN.

Mason and Dixon's Line Wiped Off the Map.

GREAT DAY AT CHATTANOOGA.

Thousands of Veterans of Both the Blue and the Gray Walk Arm in Arm Over the Very Grounds They Fought Each Other Thirty-Two Years Ago—Exercises of the Day.

CHATTANOOGA, Sept. 19.—If one may judge by the events of the last 10 days, the Mason and Dixon line has been wiped off the map. The friendly, brotherly feeling that has been displayed here this week and that was shown at Louisville last week by the boys of gray toward the boys of blue, the bitter sectionalism that has so long divided the Union no longer exists. For nearly a fortnight now the doors of the south have been thrown open to the men who came here 30 odd years ago bearing arms of slaughter and destruction. Not a single incident that would indicate a feeling of hatred on either side has been recorded.

"Yankees" and "Johnny Rebs," grown gray with years, have gone over the great battlefield together, discussed the events of those awful days, drank together, and even in some instances slept together, without stirring up anything like an angry thought. Generals who commanded armies for the Union have been guests of the generals of the Confederacy, and each has solemnly declared that there is "No north and no south."

"The events of today have bound us together as nothing else could have done, and the solemn yet joyous event of tomorrow will seal the tie forever," so spoke a venerable of the north to one of the south at Snodgrass Hill yesterday, and the latter replied with tears in his eyes: "Comrade, you are right. Shake hands," and they did.

Chattanooga is an enterprising Chicago-like town with 40,000 inhabitants, both the town and the people have every look of prosperity. The people done as much for the entertainment of their northern visitors as anyone could wish. At early dawn, the town and the surrounding country awoke. In less than two hours there was a general exodus from town to the battlefield. There were bands of music followed by regiments of militia. There were thousands upon thousands of battle-scarred veterans and there were thousands upon thousands of men, women and children who personally never knew what war was.

Then, there were carriages, wagons and vehicles of every description in which the people rode. The cars, electric and steam, were loaded to the guard rails. Many of the vast throng looked over the field of Chickamauga, sadly remembering the awful scenes in carnage and death they had witnessed there 30 years ago, but all felt a thrill of joy to know that old wounds had healed and the hatred of these days was no more.

Such were the conditions that prevailed at the preliminary exercises attendant upon the dedication of the historic battlefield as a national park.

The first event of the day was the dedication of the Michigan state monuments at Snodgrass Hill, a point at which there was probably more hard fighting during the battle than on any part of the field.

Governor John T. Rich, with his staff, the members of the park commission, arrived at the hill a few minutes after 9 o'clock. Chairman C. E. Belknap, president of the Michigan commission, in a brief speech, in which he told of the work done by the commission, called the assemblage to order, and then introduced Governor John T. Rich, who spoke eloquently. Colonel Henry M. Danfield of Detroit responded. When he had finished there was music by a military band, after which the benediction was said.

The veterans of Ohio took possession of Snodgrass Hill as soon as those from Michigan had finished. General John Beatty, president of the Ohio commission, presided. When he had called the audience to order, Bishop Joyce invoked the blessing of the Deity. Short addresses were then made by ex-Governor Campbell, who was governor at the time the commission was created, Hon. J. S. Gill and Hon. J. S. McIlroy. General Aquila Wiley then made a short address formally turning the monument over to Governor McKinley, who in turn received them and then transferred them to the national government. Brief addresses were made by Hon. Andrew Jackson, Colonel James Watson and Frederick Wondell, members of the commission.

In the northeast corner of that part of the Kelly field the monuments of Wisconsin were turned over to the government at 11 o'clock. The exercises were presided over by Colonel W. W. Watkins, chairman of the state commission. After the audience had been called to order the Rev. J. E. Webster offered prayer. Colonel Watkins formally turned the monuments over to Governor W. H. Upham, who received them and then transferred them to the government. General Henry Hardin made a speech in response, after which speeches were made by Colonel B. F. Bryant, ex-Governor W. D. Hoard and E. G. Timme.

Illinois monuments were dedicated on the site where Widow Glenn's house stood during the battle. It is a few hundred yards southeast of the famous "Bloody pond." The widow's house was burned during the fight, but "Bloody pond" is still there. It was so named because its waters were red, with

human blood after the battle and the people living in the vicinity say that since that terrible day animals have refused to drink of its waters.

It was 3 o'clock when Governor Altgeld and his party arrived. Several thousand people, principally from Illinois, or those who had served in Illinois regiments, were there to witness the ceremonies. Colonel H. S. Reeves, president of the Illinois commission, called the meeting to order. Prayer was offered, after which Governor Altgeld was introduced and made his address, turning the monument over to the government. Responses were made by Colonel Smith D. Atkins, Vice President Stevenson, Senator Palmer and Colonel J. G. Everest. The benediction was then pronounced.

The exercises attendant upon the transfer of the Indiana monuments to the government took place at Lytle hill, as the ridge south of the Dyer House is called in memory of General Lytle, who was killed there. It is a short distance north of the Widow Glenn's house. General M. C. Hunter was master of ceremonies. The exercises were opened by prayer by the Rev. Dr. Lucas at 2 o'clock. Hon. D. R. McConnell made the address, turning the monuments over to Governor Claude Matthews. General Lew Wallace and Colonel I. N. Walker, commander-in-chief of the G. A. R., spoke. The exercises were concluded with a salute fired by the regiments of the Indiana militia that were present.

ARMY OF THE CUMBERLAND.

Reunion of the Society in a Tent at Chattanooga.

CHATTANOOGA, Sept. 19.—It is doubtful if P. T. Barnum, in his palmyest days, ever saw such a crowd at his circus as assembled beneath one of his old three-ring tents in this city last night. Barnum used to claim it seated 15,000 people. If he told the truth there must have been a greater number in it last night, for the space used for circus performers was occupied by auditors. The occasion for this great gathering was the reunion of the Society of the Army of the Cumberland. A large number of veterans belonging to the Society of the Army of the Tennessee, who came here from Cincinnati, were present.

The venerable veteran, General J. D. Morgan of Quincy, Ill., vice president of the society, and who is now past 80 years of age, presided in the absence of General Rosecrans, the president.

When the meeting had been called to order, General Morgan introduced Mayor George W. Ochs, who made the address of welcome. Response was made by General H. V. Boynton, secretary of the association. Following General Boynton, General Morgan made an address of welcoming to the Confederate veterans, after which Senator Charles Manderson of Nebraska delivered the annual address to the society.

The Arion Glee club sang a song when Senator Manderson had finished and then Hon. Hillary A. Herbert, secretary of the navy, was introduced and spoke briefly.

Lieutenant General Schofield, General Granville M. Dodge of Iowa, General Daniel Butterfield and General Horace Porter, each in turn, made a brief talk when Secretary Herbert had finished. The meeting then adjourned.

It was announced that the society would hold a business meeting to elect officers Saturday morning.

TWO MORE WITNESSES.

But Little Progress Made at the Durant Trial.

SAN FRANCISCO, Sept. 19.—The prosecution in the Durant case will complete its direct case early next week. The opening statement of the defense is awaited with much interest. It will be the first intimation of what it expects to prove. It has been said that an alibi for Durant would be shown, and further that another man than Durant went into the church when the prisoner is said to have entered it.

Yesterday Miss Emma L. Turner was the first witness. She is a member of the Emanuel church and knows Durant. She testified that on April 3 she was not with defendant in Emanuel church. Mrs. Leake had testified that the girl she saw walking into Emanuel church with Durant was either Blanche Lamont or Miss Turner.

Organist George King was then put on the stand to prove that he saw the prisoner in the church at 5 p. m. on April 3, almost an hour after Durant was said by Mr. Leake to have entered the church. King proved an unwilling witness, apparently shielding Durant whenever possible. He admitted that the defendant and his attorneys advised him to give his testimony as given at the preliminary examination. This created a tremendous sensation, but on cross-examination he said he had not been asked to change his evidence. He told how he had gone into the church, and when he had been playing a few minutes Durant appeared, pale, disheveled, sick, breathless and without hat or coat.

Durant said that while repairing some gas pipes he had been overcome, and at Durant's request the witness went to a drugstore and purchased some bromo-seltzer, which Durant drank. Then, at his request, Durant helped him carry a small organ from one part of the church to another. The prisoner appeared exhausted, and was frequently obliged to stop and rest. The witness stated he thought all the gas pipes were in perfect order, and he knew of no leakage.

Aged Man Drowned.

GALLIPOLIS, O., Sept. 19.—Ephraim Lambert, aged 80, of Ohio township, this county, was found dead in a creek several miles from his home. He had fallen face downward, and died of suffocation.

FIRE IN INDIANAPOLIS

Nearly a Million Dollars' Worth of Property Lost.

BUSINESS BUILDINGS BURNED.

The Indiana National Bank, Western Union Telegraph Company and Both the United States and American Express Companies Suffer by the Conflagration. Other Losses by Fire.

INDIANAPOLIS, Sept. 19.—One of the most disastrous fires in the history of the Hoosier capital occurred right in the heart of the business portion of the city yesterday.

The double front block occupied by Eastman, Schleicher & Lee, retail furniture and china dealers, was destroyed, together with the entire stock. Loss, \$200,000; insurance, \$100,000.

The Indiana National bank was destroyed, together with all the contents, except the safe and its valuables. These are believed to be intact. The loss on it and contents is probably \$100,000, with an insurance of nearly one-half.

The Condit Block, occupied by the Western Union Telegraph company, the upper floors were destroyed and all the batteries and wires were ruined. The loss on this building is heavy in dollars and immense in inconvenience to business.

The fire leaped from these buildings to the immense, 6-story stone front occupied by the Pettis Dry Goods company. The manager turned on the automatic water supply and deluged the building and contents. The building was saved, but the loss from water will be probably \$5,000.

Between the Pettis building and the bank are landmarks belonging to the Johnson heirs of Philadelphia. These were damaged and the occupants driven out. The American and United States express offices are in the lower floors of these buildings, and were closed because of the damage.

The upper floors of some of the buildings were occupied by lawyers and fer office purposes. Many losses suffered by these will bring the aggregate loss up to nearly three quarters of a million.

Several firemen were shocked by electricity by coming in contact with apparatus charging the metallic portions. There were no fatalities.

FIRE AT OSHKOSH.

Two Factories and Several Dwellings Were Destroyed.

OSHKOSH, Wis., Sept. 19.—Oshkosh had a \$250,000 fire, which began at noon yesterday, and before it was extinguished a sash and door factory, one of the largest in the country; a wagon factory, 6,000,000 million feet of lumber, two brick saloons and a number of dwellings were destroyed. At 5 o'clock the fire was under control.

The principal losses are as follows: T. Morgan company \$100,000, insurance \$60,000; Conlee company \$75,000, insurance \$60,000; Gabriel Streich \$30,000, insurance \$11,000. John Zelmer, foreman of the sash department of the Morgan company, went back into the factory after his tools and lost his life. His charred remains were recovered yesterday evening.

Sawmill Burned.

DECATUR, Ala., Sept. 19.—At midnight last night the sawmill and planing mills of H. S. Froman were totally destroyed, and several thousand feet of lumber also burned. The plant was valued at \$12,000, and was covered by insurance.

VERGING UPON ANARCHY.

Terrible State of Affairs Existing in the Congo Free State.

LONDON, Sept. 19.—Private letters which have been received here from the Congo Free State say that affairs there are in a condition verging upon anarchy. Encounters between Belgian forces and natives which have been represented in official dispatches as resulting in Belgian victories are said to have been in fact serious reverses. It is reported that two Englishmen traveling in Congo Free State have been murdered and eaten by natives.

A Belgian expedition under Lieutenant Franquier was attacked by natives on Feb. 11, the soldiers hastily formed themselves in a hollow square upon which the natives rushed with such overwhelming force that the Belgians were put to rout within 10 minutes.

Shortly afterward it became known, according to the correspondence alluded to, that a native chief named Nduruma had massacred Captain Hansens and the whole of his escort, numbering 60 people.

A Sheriff Creates Consternation at "Little Monte Carlo."

CROWN POINT, Ind., Sept. 19.—Sheriff Ben Hayer made a single-handed raid on Ryan's poolroom, at Roby, known as the "Little Monte Carlo," and with a Winchester ordered 700 sports to leave. With a rope he pulled down the Western Union telegraph wires running into the room, and with a shotgun he shot the wires to pieces. He smashed the furniture and knocked 14 gamblers down.

Determined to break up gambling in Lake county, he will send a standing army of 50 deputies there to keep peace. Not even a dog appeared at the Roby track yesterday, consequently the injunctions were not served. The hearing will come up today before Special Judge Shirley of Kokomo. The opinion is that the Roby people will be defeated. Most all the prominent attorneys in Chicago and Indian will be employed in the case.

OFF FOR CINCINNATI.

A Big Crowd Went Down This Morning to See the Game With the Reds.

A big crowd went down to Cincinnati this morning to see the game with the Reds at League Park this afternoon. The special train consisting of five or six coaches, left at 7:30 with the boys and their friends.

All the details had not been settled this morning, but the team that will go up against the Reds this afternoon will probably be composed of McGann, Cox, Van Winkle, Sutherland, Clyde Johnston and his friend Diehl, Mike Kehoe, Wadsworth (or Schall) with either Stultz, Wellner or Rieman in the box. If Wellner hadn't pitched the Portsmouth game last Sunday he would have been in fine condition for this afternoon. His arm has been sore, however, for two or three days, and he may not be able to take part in the game. It is not generally known that he pitched against the Cleveland League team last spring while at Evansville, and held the Spiders down to six hits.

Stultz has a good record against the big Leaguers. He pitched against the Louisvilles twice last year and held them down to three and four hits respectively. Rieman has lost favor with the Maysville "fans" of late, and he will be used only as a last resort this afternoon.

The Reds will probably have Foreman and Gray in the points.

The Maysvilles' friends are not counting on a victory this afternoon, but they think that Captain Ewing and his team will know they have been in a game when they get through. The Maysvilles will try to make it three straight, and they may do so.

DIAMOND DUST.

The Knoxville's downed the All-Professionals of Cincinnati Tuesday to the tune of six to one. Wiley Davis struck out thirteen men.

Louisville has signed Hill, Knoxville's left-handed twirler, for next season. He is to receive \$1,350. In Hill Louisville gets a wonder. He has the most deceptive curves yet seen on Southern diamond and has smoke to spare when he sees fit to use it. In hitting he is above the average for a pitcher. In nine games pitched by him for Knoxville, a total of only twenty-four hits were secured off his delivery and he struck out 102 men. He has a still better strike-out record made this season before coming to Knoxville, that of 100 fan-outs in five games.

Failed to Get the Old Man's Consent.

Considerable preparation had been made at Strawberry chapel, Flemingsburg, for a marriage the other evening which was to have been solemnized between Chas. Fee and Miss Boyd, says the Gazette. Everything had been arranged for the event, but it seems the groom-to-be neglected a very important matter. He had secured the consent of the girl, but not of her father. So just before the ceremony was to occur he with his fiancée drove to the home of her parents and asked for her hand, but was astonished when the old man said no and worse disappointed when he went farther and actually took the girl from the vehicle and sent the young man away mourning. So far the couple have not succeeded in being united.

ODDFELLOWS.

A Grand Showing Made For the Past Year by This Great and Good Order.

The Sovereign Grand Lodge of Odd-fellows convened, in annual session, at Atlantic City on September 16th. Mayor Cox, of this city, is one of the few Kentuckians in attendance.

The Grand Secretary's report shows the following state of the order for the past year:

Total number of Grand Lodges, 56; a gain of one; total number of Grand Encampments, 50; total subordinate lodges, 10,592, a gain of 297; subordinate encampments, 2,610, a gain of 53; Rebekah lodges, 3,627, a gain of 335; lodge initiations, 63,845; encampment initiations, 9,407; total lodge membership, 790,795; encampment members, 134,330; Rebekah members, 225,189; relief paid by lodges in North America, \$2,993,457.69; relief paid by encampments, \$284,540.23; by Rebekah lodges, \$45,313.94; total relief paid, \$3,323,311.96; revenue received by lodges in North America, \$7,474,328.06; by encampments, \$615,932.07; by Rebekah lodges, \$337,640; total revenue, \$8,427,870.53.

The report then gives some interesting statistics of the order from its inauguration in North America in 1839 up to December 1, 1894, including Germany, Denmark, Switzerland and Australia. The initiations in subordinate lodges were 2,012,848; members relieved, 1,902,562; widows and families relieved, 216,178; members deceased in that time, 184,894; total relief paid, \$67,828,670.47; total receipts, \$176,786,202.60.

The report of Isaac A. Shepard, Treasurer, shows receipts of \$90,601.85; paid out from certificates No. 6,258 to No. 6,688, \$62,033; balance in treasury, \$28,601.02.

The report shows that the assets of the Sovereign Grand Lodge at this time consists of cash in treasury \$28,601.02; \$15,000 in Lehigh Valley railroad bonds and \$15,000 in Philadelphia, Wilmington and Baltimore railroad bonds. The total available assets, as per his report of August 20, 1894, were \$631,251.25, showing a loss in the year of \$4,650.23.

PLUMVILLE.

Plumville hasn't any cents since the colored camp meeting closed.

Dr. W. H. Outten hasn't received notice of his appointment as postmaster at Plumville at this writing.

Mrs. M. W. Hord and Mrs. Belle Wilson, of Pleasant Ridge, visited Mrs. James Ensor one day last week.

There will be preaching at the church here next Sunday morning and night at the usual hours for public worship.

Mrs. Amanda Davis and children have returned to their home at Poplar Plains after a week's visit with relatives in this vicinity. Her niece, Miss Annie Mattingly, accompanied her home to remain a week.

The colored tent meeting opened the 7th inst. at the Morton Grove, near here, and closed Sunday night, the 15th. All of the exercises were fine and good order during the meeting. They had a splendid choir of trained vocalists, led by Rev. Watts. The closing day was beautiful, and the crowds that came passed the time pleasantly in the cool shade. Rev. Watts, of Lexington, Rev. Johnson, of Washington, and Rev. Nelson, of Maysville, preached. The manager, Rev. Johnson, will donate the gate fees and collections taken during the meeting towards building a Baptist Church at this place. Rev. Johnson has conducted six camp meetings this summer and pronounced this the best. Rev. Johnson thanked the white people for being more liberal with their money at this place than any where he had held a meeting.

ORANGEBURG.

Dr. Hord is on the sick list.

Mrs. Dr. Gaines is visiting friends in Fleming County.

Mrs. True, of Dover, is visiting relatives in the neighborhood.

James Roe went to Cincinnati Tuesday with a fine lot of cattle.

Miss Lucy Bullock will attend the M. E. Conference at Winchester.

Rev. Bagley will preach at the Christian Church the fifth Lord's Day.

Rev. Smither is conducting a series of meetings at Lawrence Creek Christian Church.

Misses Rosa Key, Laura Mayhugh and Mollie Bramel, H. P. Wilson and Willie Campbell have been appointed delegates to the Y. P. S. C. E. convention to be held at Maysville this week.

A. T. Bramel unfortunately placed a pair of tan shoes by mistake in some one's buggy on the second Sunday night, the buggy being hitched at Mr. Mayhugh's fence. Any information concerning the same will be thankfully received.

KENTUCKY CROPS.

The Weather the Past Week Not Generally Favorable—Good Soaking Rains Needed.

[Weekly Weather-Crop Bulletin]

The weather conditions of the past week were not generally favorable to crops, though the advanced stage of all vegetation enables it to withstand them with less injury than if they had occurred earlier in the season. Scattered light showers fell at various places in the State during the week, occurring most frequently in the eastern sections; but, generally speaking, the week has been very hot and dry. The temperature has been abnormally high for the season, and many correspondents report maximum temperatures of 95° and over upon several days of the week. The chief injurious effects of the conditions described has been to pastures, which many correspondents state are badly burned by the hot dry weather, and that stock is suffering for food, and in many localities the water supply is insufficient for its needs. The majority of the complaints of this character come from the northern and northeastern counties. Some localities in other sections than those named report similar condition, but, as a rule, the drouth has most seriously affected pastures in the eastern half of the State.

Tobacco is ripening rapidly, and upland tobacco is being cut and housed, the weather conditions favoring the work. In some localities much tobacco has been cut green on account of "firing," resulting from the excessive heat, and will, therefore, be of inferior quality. At the present outlook it would appear that all the tobacco yet remaining in the fields would be safely housed before the average date of the first killing frost in Kentucky, October 6th. Some complaint is made of tobacco worms, but the crop generally has not suffered from this cause, and the outlook for it as a whole is very favorable.

The dry weather has hastened the maturity of corn, and this fact may slightly affect its quality in some localities. The earlier fields are now being cut and the work will be in progress from now on to the end of the season. Very little will be exposed to damage from frost. There is but little deviation from the favorable reports regarding this crop which have been received during the past two months or more.

Fall plowing is progressing very rapidly and seeding will be commenced within the course of the next week or ten days.

Clover seed is reported to be abundant, and is being hulled.

Apples are very abundant and under favorable weather conditions, the latest varieties are rapidly advancing to maturity.

Melons of all kinds are of fine quality and very plentiful.

The reports relative to late Irish potatoes are somewhat conflicting in character, but their general condition is fair.

Good soaking rains would greatly improve the prospects for all crops yet unharvested.

THERE have been between forty and fifty confessions at the Georgetown Christian Church meeting.

WILL THE FIGHT COME OFF?

The Governor of Texas Will Prevent It if Such a Thing is Possible.

AUSTIN, Sept. 19.—Governor Culberson was seen yesterday in reference to Judge Hart's opinion, at Dallas, favorable to prize fighting. He refused to express himself, but it is evident he will ignore the opinion and prevent the fight. To be prepared for an adverse opinion, he has been looking up Governor Ross' action on the Sullivan-Kilrain fight, which he prevented from coming off in Texas, but was unable to find the records, which have been misplaced. An Associated Press correspondent, however, furnished him with an official copy of Ross' order to the sheriff, wherein he cites laws still in force and commands him to enforce them. Governor Culberson has several copies of the order made and it is certain he proposes to prevent the fight.

Texas has a ranger force controlled and governed by special laws, and they can be ordered anywhere in the state by the governor without military red tape regulations, and their special province is to prevent infractions of laws. Governor Culberson will probably use this force.

Ross directed sheriffs to call on the military if necessary, and Culberson's action now unmistakably indicates that he will do the same and prevent the fight at all hazards.

To Select a Referee.

NEW YORK, Sept. 19.—A meeting will be held at the office of a sporting paper in this city at 10:30 Friday morning for the purpose of selecting a referee for the Corbett-Fitzsimmons fight. Personal Points and Other Matters of Interest From the Capital of the "State of Lewis."

Mrs. John Clark and her sister, Miss Birdie Carter, are visiting in Cincinnati.

Mr. and Mrs. James Gardener have returned from Kinnoconick where they have been rusticiating for a few days.

Marshal Kinnard's pet fox has escaped and has been playing havoc among the fattened bipeds in the southern part of the city.

Mr. William Sample, the hotel man of Huntington, W. Va., is in the city of his nativity this week enjoying a good welcome from many old friends.

Mr. John Cox, the manufacturer, accompanied by Mrs. Cox visited the triplets at Esculapia yesterday. Mr. Cox gave each of the girls a dollar and the boy a ten-dollar gold piece in consideration of the babe's being named for him.

Dr. P. Conner has in his possession an iron tomahawk of ancient pattern which was found by W. L. Housley at Cumberland Gap on June 1, 1862. Mr. Housley belonged to Colonel Lindsey's command, John L. Morgan Coys commander. It was doubtless used by the surveyors when the road through the gap was surveyed during the last century.

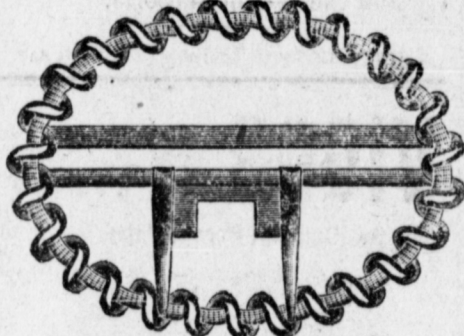

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles of Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida St. San Francisco, suffered from a dreadful cold, approaching consumption, tried without results everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's drug store. Regular size 50c and \$1.

MASON COUNTY FARM.

On Saturday, October 26th,

At 2 O'clock P. M.

We will offer for sale the farm of the late Chas. Bland, situated on the Sardis Pike, two miles East of Sardis and five miles West of Mayslick, containing about 180 acres. This farm is in a high state of cultivation, all under good fence and one of the best watered farms to be found anywhere. The improvements are all good, consisting of a large Frame Dwelling of nine rooms; cellar under part of the house; two Tobacco Barns, Stable, Cow House, Buggyhouse, Chicken House, Ice House, Servants' House and other buildings. Well of water that never fails in yard. This is one of the best farms in the county. Any one wishing to look at the farm will be accommodated by calling on either J. E. J. L. or W. H. Bland on the premises.

Terms made known on day of sale.

THE HEIRS OF CHAS. BLAND, Deceased.

On July 1, 1895,

We took from our books \$400 worth of accounts against Maysville citizens and offered them for \$50, as we need our capital, but could not find a buyer. In face of this we have decided to discontinue the six months credit sales, and all sales will be due when made. Cash sales and small profits will be our motto.

CASTORIA

for Infants and Children.

MOTHERS, Do You KNOW that Paregoric, Bateman's Drops, Godfrey's Cordial, many so-called Soothing Syrups, and most remedies for children are composed of opium or morphine?

Do You Know that opium and morphine are stupefying narcotic poisons?

Do You Know that in most countries druggists are not permitted to sell narcotics without labeling them poisons?

Do You Know that you should not permit any medicine to be given your child unless you or your physician know of what it is composed?

Do You Know that Castoria is a purely vegetable preparation, and that a list of its ingredients is published with every bottle?

Do You Know that Castoria is the prescription of the famous Dr. Samuel Pitcher. That it has been in use for nearly thirty years, and that more Castoria is now sold than of all other remedies for children combined?

Do You Know that the Patent Office Department of the United States, and of other countries, have issued exclusive right to Dr. Pitcher and his assigns to use the word "Castoria" and its formula, and that to imitate them is a state prison offense?

Do You Know that one of the reasons for granting this government protection was because Castoria had been proven to be absolutely harmless?

Do You Know that 35 average doses of Castoria are furnished for 35 cents, or one cent a dose?

Do You Know that when possessed of this perfect preparation, your children may be kept well, and that you may have unbroken rest?

Well, these things are worth knowing. They are facts.

The fac-simile signature of *Chas. H. Pitcher* is on every wrapper.

Children Cry for Pitcher's Castoria.

BIG PROFITS Small Investments

Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful speculation in Grain, Provisions and Stock.

\$10.00 FOR EACH DOLLAR INVESTED can be made by our.....

Systematic Plan of Speculation originated by us. All successful speculators operate on a regular system.

It is a well-known fact that there are thousands of men, in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to \$50,000 to \$100,000 or more by those who invest a few thousands.

It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.

Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.

WRITE FOR CONVINCING PROOFS, also our Manual on successful speculation and our Daily Market Report, full of money-making pointers. ALL FREE. Our manual explains margin trading fully. Highest references in regard to our standing and success.
